

GLOBAL FREIGHT MANAGEMENT

www.megafreight.co.za

PROUDLY HOMEGROWN GLOBALLY RESPECTED

Established in 1980, Megafreight has been at the forefront of the logistics industry in South Africa for OVER 37 years. With over 200 employees nationally we are big enough to deliver and small enough to care.

Our 4 branches are located in the large business hubs of South Africa at Johannesburg, Cape Town, Durban and Port Elizabeth.

Although we think on a global scale, we are proudly South African, privately owned, and our shareholders and directors are actively involved in the day to day running of our business. With our local expertise, personalised service, innovative solutions, and strategic partnerships, we are able to bring the world to your doorstep.

POWERFUL PARTNERSHIP

www.chrobinson.com

Our powerful partnership with C.H. Robinson builds on our tradition of success and dependability and provides us with the perfect platform to move your business forward.

Established in 1905, C.H. Robinson is one of the world's largest third party logistics providers, and Megafreight's global strategic partner. With 225 offices across 41 countries, 14,125 dedicated employees, and access to 107,000 contract carriers and suppliers worldwide, they have built a strong reputation as an industry leader.

AIR FREIGHT

With our partnerships with leading airlines and logistics companies we can fly your freight to and from nearly every city in the world. Our seamless, high quality air freight service will ensure your most time-sensitive freight reaches its destination quickly and reliably.

AIR FREIGHT CONSOLIDATION SERVICES

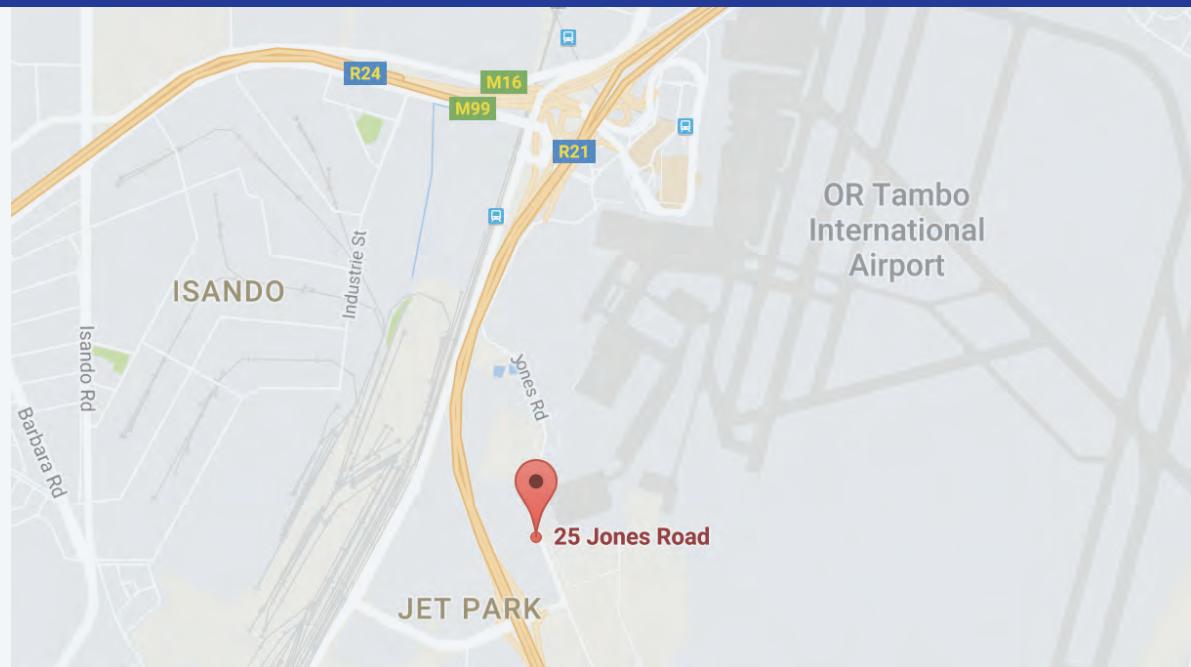

We offer import and export consolidations and express services from / to various worldwide hubs, offering you price competitive, but above all Megafreight controlled solutions.

AIR FREIGHT HANDLING

With our own customs approved handling facility less than 3km from OR Tambo International airport, we are able to expedite safe clearance and delivery of your cargo.

OCEAN FREIGHT

From FCL to LCL, our global network will take care of all your exporting and importing needs. From pick up right through to delivery, our hands-on service ensures your consignments are managed by dedicated experts who take ownership for the smooth flow and safe management of your goods whilst in transit.

INSURANCE

As a registered provider of marine insurance (FSP No. 17723) we provide you with complete peace of mind. With our experts you are assured of a smooth and seamless process and a quick turnaround time. We offer enhanced cover, competitive premiums through bulk buying power, and a market leading claims management service.

WAREHOUSING

We operate and manage our own free and bonded warehouse facilities in Johannesburg (5,000m²), Durban (10,000m²), Cape Town (2,500m²), Paarl (600m²) and Port Elizabeth (2,500m²). We also have outsourced facilities located throughout South Africa that allow us to provide you with a complete turnkey solution.

DISTRIBUTION

We are able to offer both general and customised complex distribution solutions. With the ability to handle bulk, palletised and loose cargo at all our locations, our customer specific needs are catered for.

WAREHOUSE MANAGEMENT SYSTEM

Our cloud based state of the art warehouse management system allows you to manage and view your inventory using an internet browser from any location in the world. All our facilities are monitored by 24/7 CCTV surveillance and secured for your peace of mind.

CONNECTING YOU TO AFRICA AND THE WORLD

ROAD FREIGHT

We have an extensive cross border road transportation network connecting South Africa to other neighbouring countries. Our registered customs SOS facility allows us to handle and move your bonded cargo to its destination.

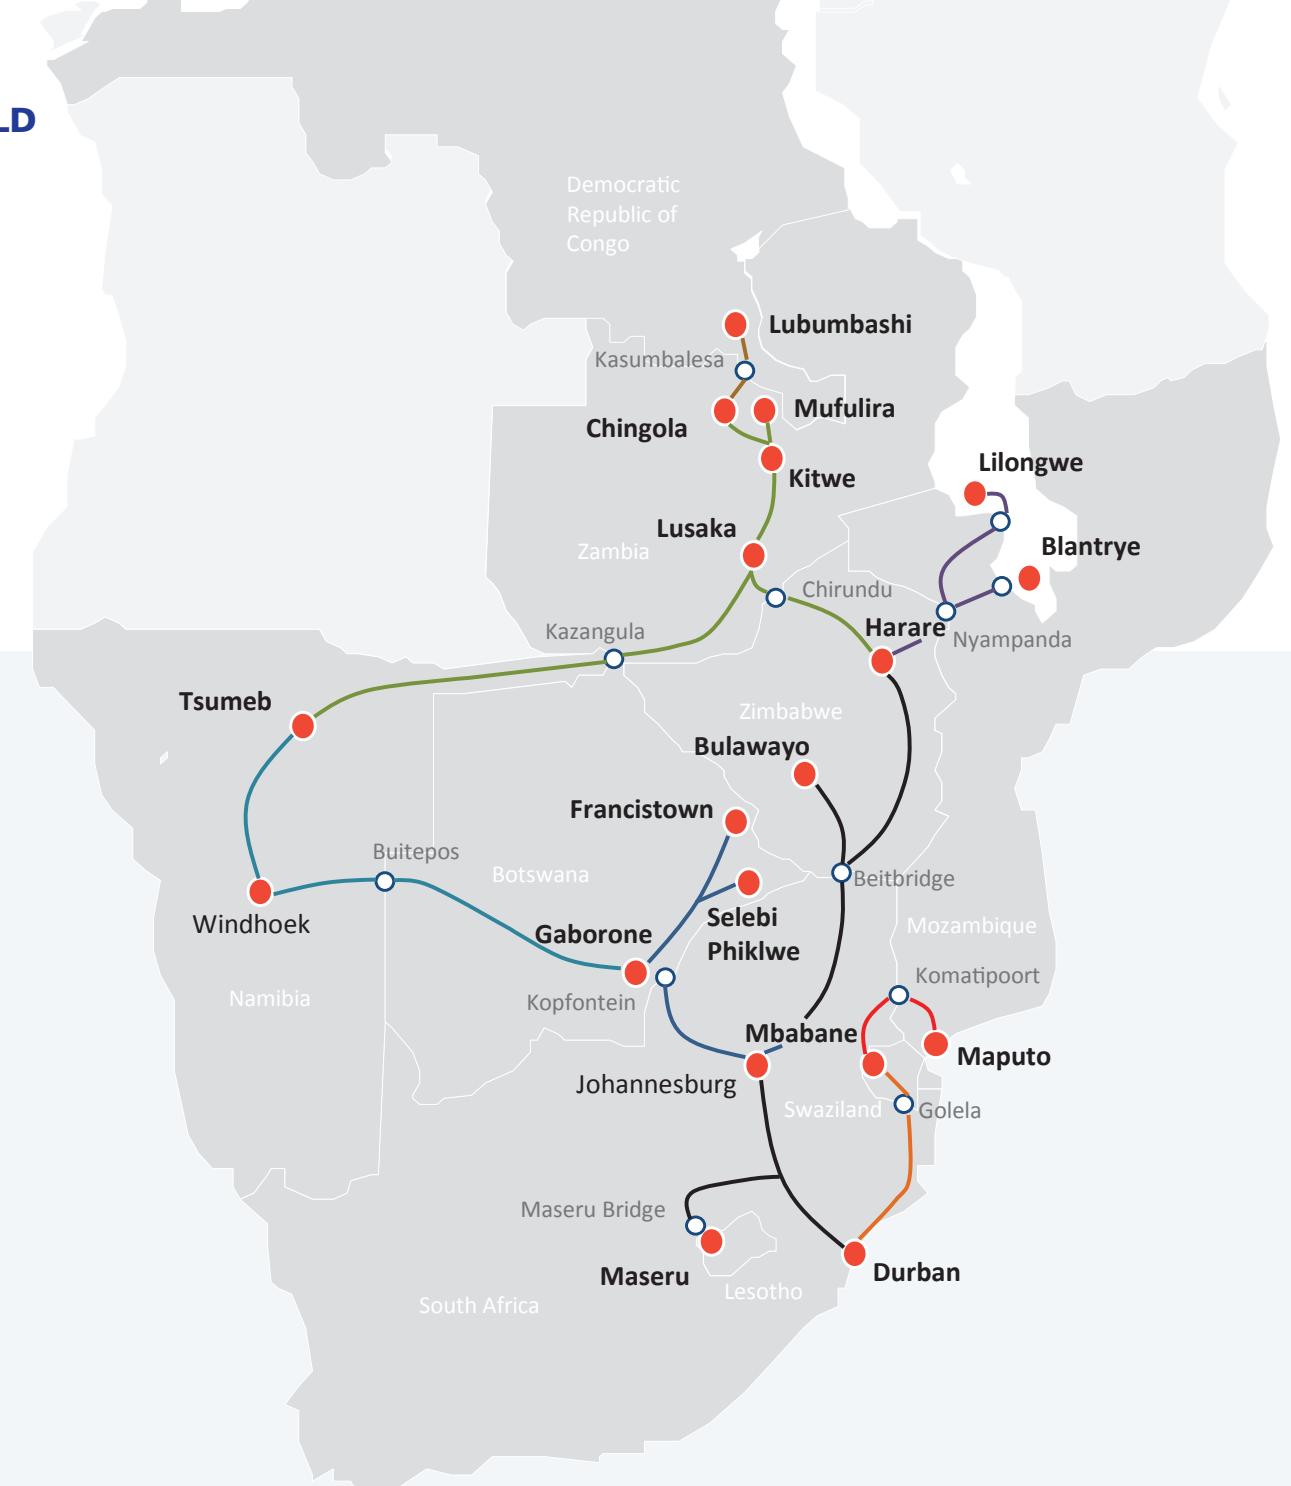

AIR FREIGHT

As a registered IATA agent we are able to utilise services of various airlines into any country. Our registered off airport handling area allow us to safely screen and prepare cargo prior to delivery to the airlines.

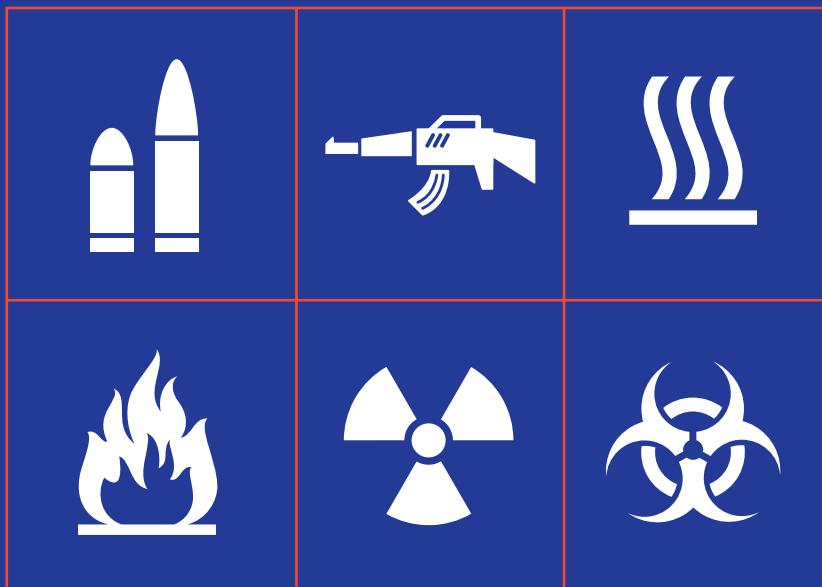

OCEAN FREIGHT

With our handling facilities located near various ports we are able to pack and deliver containers securely and timeously. Our team of experts will take care of your specific requirements such as packing, lashing, crating, fumigation and document preparation.

SPECIALISED FREIGHT

We are equipped to handle dangerous and hazardous cargo such as ammunition, firearms, gases, flammable goods, radioactive materials, and poisonous substances. We will ensure your specialised freight is handled carefully and delivered properly.

- Valuable commodities
- Perishable cargo
- Ammunition
- Firearms
- Gases
- Flammable liquids and solids
- Radioactive materials
- Poisonous and infectious substances

(Megafreight is licenced to handle all of the above categories.)

CUSTOMS

For complete peace of mind you can trust us to handle the complex technical aspects associated with the importing and exporting of freight in South Africa. As a fully accredited SARS customs agent we have the expertise and experience, along with financial stability, to ensure all your shipments are processed and cleared efficiently. We also offer customs advisory and consulting to our clients.

SYSTEMS

Using the latest technology we have installed a leading edge network and developed our own advanced freight management system that is capable of integrating with clients' systems.
